Medi speciality supplies approach to the medical field is to create, modify, enhance, and protect the business environment of **M.S.S's** clients through creating informed decisions critical to realizing the expectations of the client's needs in real time.

We have a balanced combination of knowledge of the areas we cover and a highly motivated competent team that is always ready to deliver and provide assistance where needed especially when it comes to equipment's, we are also keen to give our clients detailed specification of items needed.

We do lay emphasis on quality as we supply from only reputable manufacturers especially from Germany

ENGINEERING DEPT.

We have competent medical engineers who undertake trainings from the manufacturers from time to time and they handle key equipment installations and troubleshooting as required.

MISSION STATEMENT

To achieve and maintain the highest level of professionalism, long term relationships with all our clients in order to become an integral part of their business as we bridge all medical needs conveniently.

OUR VISION

To provide high value services to our clients by aligning our services with all their medical instruments, consumables needs, facilitation and making them our focal point.

CORE VALUES

- . Customer focused
- . Reliability
- . Integrity

BUSINESS STRATEGY

Through close monitoring of our customers' needs and in line with the ever-changing technology and environmental challenges, we commit ourselves to adopting updated trainings in line with these demands. In doing so, we strive to adopt up to date safe practices, for our staff and clients as a guiding philosophy. We are committed to being a responsible corporate citizen, through adopting of ethical practices and timely payment of appropriate statutory dues as well as engaging in corporate social responsibility (CSR)

DELIVERY - LEAD TIME

Medi Speciality Supplies Ltd maintains a lead time of 1 to 8 weeks of products not in stock, but products in stock are delivered within 4 days after receiving an official LPO.

We are Reputable suppliers of Surgical instruments and Equipment for the leading Manufacturer in Germany Tekno-Medical Optik-Chirurgie GmbH that manufactures over 10,000 surgical instruments and medical devices

Basic Surgical Instruments

The "Basic Instruments" portfolio includes high-precision tools used across various surgical disciplines.

- **Scalpels and Knives:** Cutting instruments for initial incisions and tissue dissection.
- **Surgical Scissors:** Includes the **PRIMUSLine scissors**, which are manufactured using CNC machines for maximum accuracy and long-lasting movement.
- **Forceps:** Includes dressing forceps, hemostatic forceps for controlling bleeding, and specialized tissue forceps.
- **Retractors:** Both manual and self-retaining systems to hold incisions open.
- **Bone Surgery Instruments:** Punches, rongeurs, and specialized tools for orthopedic and bone procedures.
- **Vascular and Thoracic Tools:** Specialized clamps such as **Cooley** or **DeBakey** atraumatic clamps, and breast dissectors with optional light guides

Endoscopy and Minimally Invasive Surgery (MIS)

Tekno-Medical provides both the optical "scopes" and the electronic units required for endoscopic procedures.

- **Endoscopy Units:** Advanced systems like the **Tekno Cam 3700 HD**, which features an autoclavable camera head and Full-HD picture quality.
- **NEXO-Compact Unit:** A combined camera, LED light source, and image capture system in one housing.
- **Endoscopes (Scopes):** Rigid scopes optimized for 4K and Full-HD cameras, including the **ULTRA SHARP** optics line.
- **Specialized Endoscopic Systems:** Laparoscopy, urology, gynaecology, arthroscopy, and sinuscopy sets.
- **Shaver Systems:** The **TM940 Shaver System** for joint surgery, featuring nine oscillation modes and an autoclavable handpiece.

Specialized Medical Equipment

Beyond handheld tools, the company manufactures larger operating room equipment and sterilization solutions.

- **OR Equipment:** Mechanical, electrical, and electro-hydraulic operating tables, along with OR and inspection lights.
- **HF (Electrosurgery) Units:** High-frequency units and bipolar instruments, including non-stick bipolar forceps with heat-conductive silver tips.
- **Sterilization Systems:** Sterilizable containers (System I and II) and baskets for instrument processing.
- **Traumatology Implants:** Bone screws, plates, nails, and wires made of steel or titanium.

Dental and Other Disciplines

- **Dental Instruments:** A dedicated range including the **TEKNO TOM 80** dental high-frequency (HF) unit.
- **Ophthalmology:** Specialized instrument sets for eye surgery.
- **Veterinary:** Specific endoscopic scopes and instrument sets adapted for veterinary medicine.

Endotracheal tubes – Cuffed & Uncuffed
flexible, disposable polyvinyl chloride (PVC) catheters inserted through the mouth or nose into the trachea to maintain a patent airway, provide mechanical ventilation, and prevent pulmonary aspiration

Tracheostomy Tubes Cuffed & Uncuffed
Fr.8

Laryngeal Mask Airway (L.M.A)
1,1.5,2,2.5,3,4,5

Bougie (Endotracheal Tube Introducer)
Fr 6,10,15

Anaesthetic Mask PVC # 0,1,2,3,4,5

Double Barrel (inner cannula) Tracheostomy tubes Cuffed Fr 5,6,7,8

Silicone Nasal CPAP Mask-M/L

SURGICAL CONSUMABLES & INSTRUMENTS

Extendable Breathing Circuit - Adult

Reinforced Breathing Circuit with water trap 1.2m - Adult

HME filter Adult & Pediatric

Bacterial Filters (Breathing Filters)

Spinal Needle Quincke 90mm 22G /25G per pc.

Spacers - Inhaler devices for asthma

Adult/Child/Infant Manual Resuscitator Ambu Bag

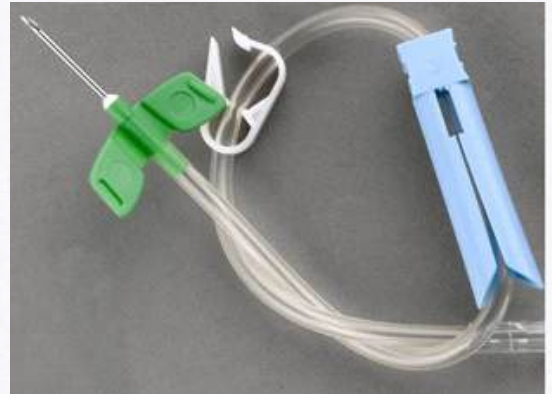

Miller Fiber Optic Laryngoscope with six blades (Mil 00,0,1,2,3,4)

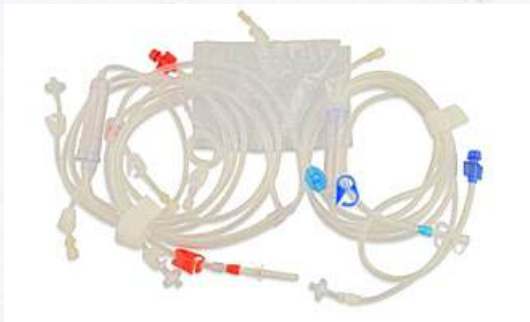

SURGICAL CONSUMABLES & INSTRUMENTS

Surgical Drape Sterile with Adhesive
240x150cm type 2

A.V. Fistula Needle G15/G16/G17*26MM

Bloodlines for Dialysis

Dialyzer 1.8H/2.0H
Polyethersulfone

Temporary Hemodialysis catheter double lumen

Disposable Endoscope Linear Cutting
Staplers and Component / Reloads

Disposable
Optical Trocar

Disposable Abdominal Trocars
5mm, 10mm & 12mm

Disposable Trocar port Site Closure Device

SURGICAL CONSUMABLES & INSTRUMENTS

Infusion Pumps

(Huber Needle) G20X20mm Special needle for Implantable drug delivery device

Central Venous catheter kit – Adult/Pediatric

Disposable Pressure Transducer Single-DPI 248

Non-Rebreathing Mask – Adult / child

Oxygen Mask Adult & Pediatric

Oxygen Nasal Cannula / Prongs With Oxygen Tubing

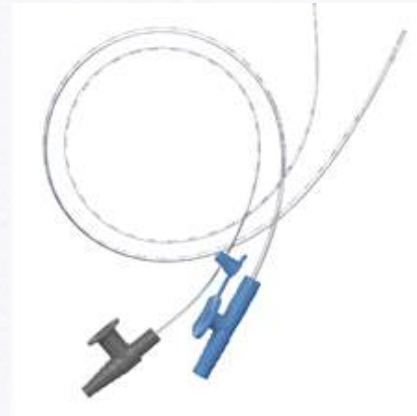

Nebulizer Mask – Adult & Pediatric

SURGICAL CONSUMABLES & INSTRUMENTS

Chest Drainage catheter with / without Trocar

Suction Catheter with control

medical facemasks 3ply - 50pcs

**Disposable sterile surgical gown
- Reinforced (with hand towels) M,L,XL,XXL**

**Nurses caps/Non-woven mob cap
(Blue/White/Green) 100's**

Dressing Pad;/ Underpad 60x90cm 20's

Dressing Pad;/ Underpad 60x90cm 10's

SURGICAL CONSUMABLES & INSTRUMENTS

Gastric Bougies

Ventricular Peritoneal (Medium Pressure) VP Shunt

Endoscopic Gastronomy Luxury (PEG) Kit 24F

**POLYMESH POLYPROPYLENE /
Hernia mesh Preshaped 6x13 cm**

Eye Pads Sterile with Adhesive Edge

Harmonic ultrasonic scalpel, Gun Type - 45CM

Disposable Vaginal Speculum - Medium

Disposable Syringes

SURGICAL CONSUMABLES & INSTRUMENTS

Disposable polypectomy Snare sheath

Multiband - Ligator - ALL BANDS AVAILABLE
- with or without shooter.

Urine Bag - Adult/ paed

Surgical Blades
G11, G15, G23, G24

Surgical Latex Gloves per Pair - powdered sz 7.5

Transparent Dressing - I.V. - 7x9cm 50's

Reusable colostomy bags

ECG Electrode

SURGICAL CONSUMABLES & INSTRUMENTS

Disposable needles

Vacutainers – Red Top

Vacutainers – EDTA purple Top

Vacutainers – Yellow Top
